FOCUS: LIFE AT SCHOOL

Before the pandemic, Tania used to wake up early in the morning at some time after 6am to get ready for school which started at 7am.

She would walk to school with her friends and arrive before the first lesson. Once at school, Tania would enjoy a range of activities including Reading, Writing, Maths, English, Science and Sport.

What time do you start your day?

How would you describe what you do in the morning to get ready for school?

What do you do when you first arrive at school in the morning?

How do Tania's subjects compare to the subjects you have at school?

School would finish at 12.40pm and Tania would head home for lunch. On most days this is a simple meal involving rice.

How is this different from your lunch?

What do you do after school to help out?

Tania helps out at home in the afternoon by sweeping and washing clothes.

Dinner for the family is generally just before dark and then she goes to bed around 9pm.

What is different between your day and Tania's day?

Have fun on July the 9th
